

**WM-01**  
**WIEGAND METER/ANALYZER**

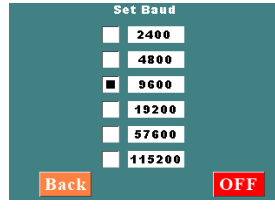

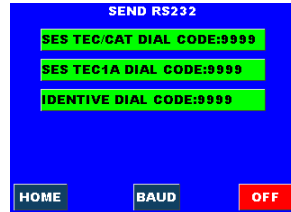

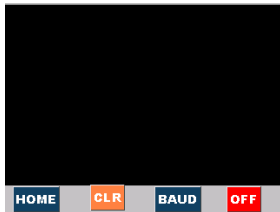

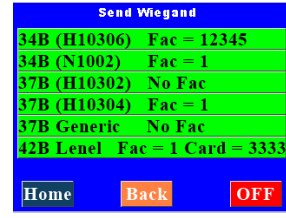

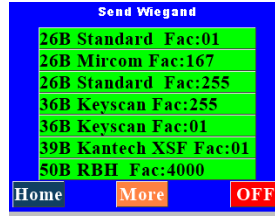

**Entra Access Solutions Ltd, Introduces the first WM-01 Wiegand Meter/Analyzer. The WM-01 Wiegand Meter/Analyzer provides technicians with all the tools required to troubleshoot and Analyze Wiegand signals when Integrating Access Control Systems with Intercoms and Elevator control.**

**It has the following Features:**

- 1) Capture of Wiegand signals, and display the Card Number, Facility code, Bit Count, Number of D0 & D1 Bits.**
- 2) Sending Wiegand signals. Thirteen (13) different Wiegand Card Formats may be transmitted to Access control panels (Card Number 9999 Only)**
- 3) Capturing RS232 Signals from Intercom Panels.**
- 4) Transmitting RS232 Signals. (Mimicking SES, and Identiv Intercoms) which allows testing of RS232 signals to our CV800 RS232 to Wiegand Converters.**

**Touch Screen Shots**

**WM-01 Wiegand Meter/Analyzer Specifications**

<b>Power Supply</b>	<b>2 x AAA Alkaline Batteries</b>
<b>Current</b>	<b>60ma Normal, 32mA Sleep</b>
<b>Dimensions</b>	<b>117mm L x 63.5mm W x 22.9mm H</b>
<b>Weight</b>	<b>240 grams</b>
<b>Default Baud Rate</b>	<b>9600</b>
<b>Connections</b>	<b>3 x 3.50mm /1/8", Mini Stereo Jacks</b>
<b>Interface</b>	<b>1 x Wiegand Out, 1 x Wiegand In, 1 x RS232 Port</b>
<b>Warranty</b>	<b>1 Years against defects in Materials &amp; Workmanship</b>
